- Industry leading 20 year corrosion warranty* and 10 year construction warranty*

^ Site delivery to Sydney, Melbourne and Brisbane Metro areas included.

* All our tanks come with a 10 year construction warranty and 20 year warranty against corrosion.

+ Mosquito screen only comes standard in QLD

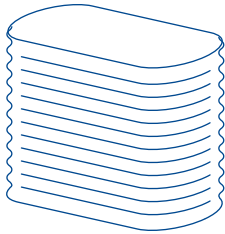

Choose your tank in 5 easy steps

It's important that you get the tank that best suits your unique space and needs. Kingspan **made to measure** steel water tanks are designed to fit perfectly into your space and lifestyle.

STEP 1 Select the shape

Slimline

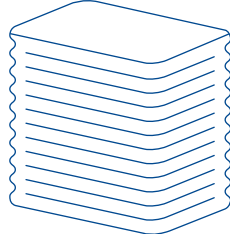

Tank capacities
600-10,000 litres

A great choice for tight spaces, allowing you to maximise the water storage capacity of the area available. Tailor the length, width and height to perfectly fit the space you have.

Modline

Tank capacities
770-10,000 litres

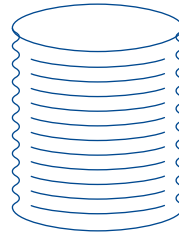

These water tanks have flat ends, giving them a modern look and a smaller footprint than the equivalent capacity Slimline tank.

They help maximise water storage capacity in tight spaces and can be tailored to fit as required.

Round

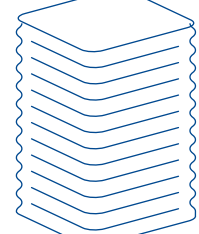

Tank capacities
500-29,000 litres

Traditional round water tanks remain a popular choice, space permitting. Choose your diameter and height to perfectly fit the space you have.

Square

Tank capacities
530-7,900 litres

The square shape gives these tanks a smaller footprint than the equivalent capacity Slimline or Modline tanks.

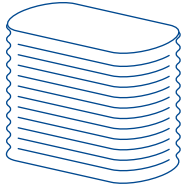

STEP 2 Select the size

Kingspan offers hundreds of sizes and dimension variations across all steel water tanks.

Made To Measure

Slimline

A great choice for tight spaces, allowing you to maximise the water storage capacity of the area available.

Here are some of our most popular tank sizes in the Slimline range.

Tank capacities (litres)	2000*	3000*	5000*	7000*
Width (mm)	700	800	1150	1150
Length (mm)	1700	2200	2600	3300
Height (mm)	1860	1860	1860	2020
Weight (kg)	65	90	110	145
Good for:				
Toilet flushes	336	509	839	1182
Hand watering	2 hours	3 hours	5 hours	7 hours
Washing machine loads	25	38	62	88

* Note that maximum capacities differ depending on shape and measurements of tank.

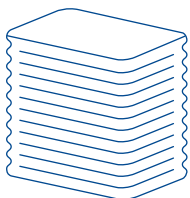

Slimline in Galvanised finish

Modline in Galvanised finish

Modline

These water tanks have flat ends, giving them a modern look and a smaller footprint than the equivalent capacity Slimline tank.

Here are some of our most popular tank sizes in the Modline range.

Tank capacities (litres)	2000*	3000*	4000*	5000*
Width (mm)	800	800	800	800
Length (mm)	1400	2000	2600	3200
Height (mm)	2020	2020	2020	2020
Weight (kg)	65	80	105	130
Good for:				
Toilet flushes	336	547	668	833
Hand watering	2 hours	3 hours	4 hours	5 hours
Washing machine loads	25	41	50	62

* Note that maximum capacities differ depending on shape and measurements of tank.

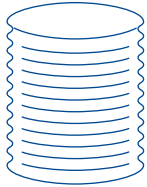

STEP 2 Select the size

Kingspan offers hundreds of sizes and dimension variations across all steel water tanks.

Made To Measure

Round

Traditional round water tanks remain a popular choice, space permitting.

Here are some of our most popular tank sizes in the Round range.

Tank capacities (litres)	3000*	5000*	8000*	10000*
Height (mm)	1860	1860	1860	1860
Diameter (mm)	1500	1900	2400	2700
Weight (kg)	80	105	145	170
Good for:				
Toilet flushes	547	879	1402	1775
Hand watering	3 hours	5 hours	8 hours	10 hours
Washing machine loads	41	65	105	133

* Note that maximum capacities differ depending on shape and measurements of tank.

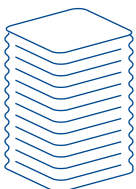

Round in Galvanised finish

Square in Galvanised finish

Square

The square shape gives these tanks a smaller footprint than the equivalent capacity Slimline or Modline tanks.

Here are some of our most popular tank sizes in the Square range.

Tank capacities (litres)	2000*	3000*	4000*	5000*
Width (mm)	1100	1300	1500	1700
Height (mm)	2020	2020	2020	2020
Weight (kg)	65	90	105	115
Good for:				
Toilet flushes	336	509	668	960
Hand watering	2 hours	3 hours	4 hours	5 hours
Washing machine loads	25	38	50	72

* Note that maximum capacities differ depending on shape and measurements of tank.

Made To
Measure

Australian made water tanks using quality Bluescope Steel.
Made to measure to work with your space and give you the perfect fit.

STEP

3 Select a colour

Choose from a huge range of Colorbond® colours, or go for a Galvanised steel finish.

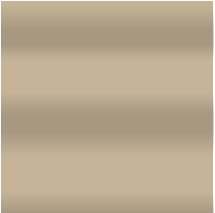

Colorbond®

Galvanised

Pale Eucalypt®

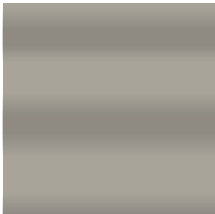

Paperbark®

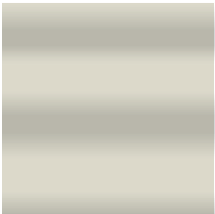

Woodland Grey®

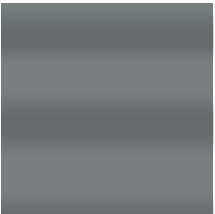

Monument®

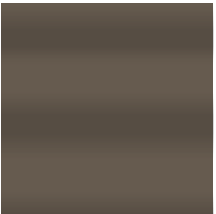

Dune®

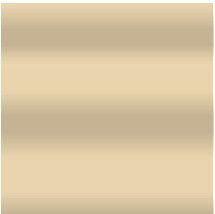

Surfmist®

Windspray®

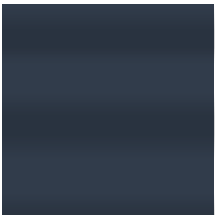

Jasper®

Classic Cream®

Cove®

Ironstone®

Manor Red®

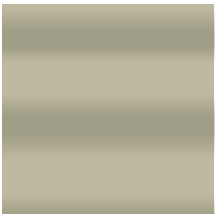

Cottage Green®

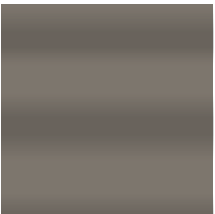

Terrain®

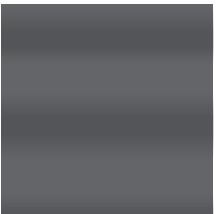

Deep Ocean®

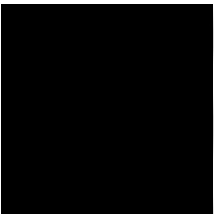

Evening Haze®

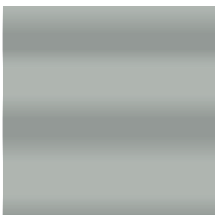

Gully™

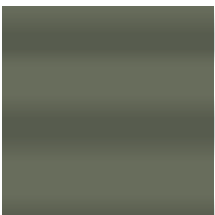

Basalt™

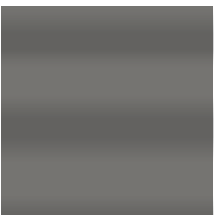

Night Sky®

Shale Grey™

Mangrove™

Wallaby™

The COLORBOND® steel colour swatches shown have been reproduced to represent actual product colours as accurately as possible.

However varying light conditions and limitations of the printing process may affect colour tones. Colorbond® colours are available as genuine or painted colours.

STEP 4 Select fitting position

When placing your order you have the option to nominate your fitting locations.
The standard fittings available are:

INLET

400mm inlet strainer with light guard fitted in tank lid.

OUTLET

25mm zinc outlet with water-marked brass ball valve fitted at the bottom of the corrugation of the tank wall.

OVERFLOW

100mm overflow with mosquito screen⁺ fitted on the top corrugation of the tank wall.

Default fitting position	Inlets	Outlets	Overflow
<p>SLIMLINE</p>	<p>2 x 400mm inlet strainers with light guards Positions A & C</p>	<p>1 x 25mm fitted outlet with watermarked ball valve Position 6</p>	<p>100mm fitted overflows Positions 6 and/or 12</p>
<p>MODLINE</p>	<p>2 x 400mm inlet strainers with light guards Positions A & C</p>	<p>1 x 25mm fitted outlet with watermarked ball valve Position 6</p>	<p>2 x 100mm fitted overflows Positions 6 and/or 12</p>
<p>ROUND</p>	<p>1 x 400mm fitted Inlet strainer with light guard Position 12</p>	<p>1 x 25mm fitted outlet with watermarked ball valve Position 1</p>	<p>100mm fitted overflow Position 12</p>
<p>SQUARE</p>	<p>1 x 400mm fitted Inlet strainer with light guard Position 12</p>	<p>1 x 25mm fitted outlet with watermarked ball valve Position 1</p>	<p>100mm fitted overflow Position 12</p>

+ Mosquito screen only comes standard in QLD

STEP

5 Select optional accessories

Select from a range of accessories and pumps including the Evolution MkIII pump and High-flow filter.

Kingspan Evolution MkIV integrated pump system

- Offers the advantage of reducing installation time by half and saving costs, while improving the appearance of your tank system.
- Whole unit fits neatly on top of and inside the tank, instead of on the wall, resulting in a more efficient use of space and a better overall appearance.
- When the tank runs out of water or when there is a power outage, the pump automatically switches to mains water.

These optional accessories come pre-built into your tank.

High-flow filter

- This innovative High-flow water filtration system is an Australian first, developed and manufactured exclusively by Kingspan.
- Designed to stop the common issue of overflow flooding, or dampness around the tank, the High-flow filter is designed to be the best filtration on the market.
- Has the ability to handle water collection from the entire roof area and can manage water flow rates of up to 600 litres per minute.

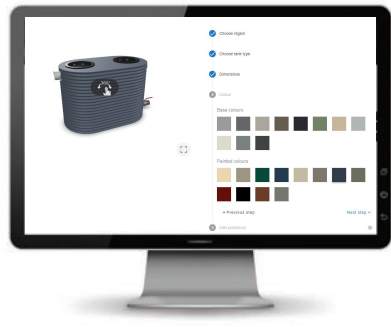

Quick installation & neater appearance

Kingspan Steel Water Tank + Evo MkIV pump can be installed in half the time of other tank and pump systems, based on average installation time.

Build your own tank

Choose from a range of popular tank sizes at kingspanwatertanks.com.au or build your own using our 3D tank builder tool and create a custom water tank in less than 60 seconds.
